

PDFConvertImage Quick Start Guide

Quick Start

Export

The image shows a dark-themed export dialog box with several fields and checkboxes. Callout boxes with red lines point to specific elements:

- Export Folder**: Points to the **Dest Folder** field, which contains the path `/Users/daniel/Documents/_pdf_test_export`.
- Export sub-name**: Points to the **Sub Folder Name** field, which contains `32Page`.
- Export Size**: Points to the **Image DPI** field, which contains `72`.
- Transparent**: Points to the **Transparent** checkbox, which is checked.
- Single Page**: Points to the **Export Single Page** checkbox, which is checked.
- Export**: Points to the **Export** button at the bottom right of the dialog.

Other visible elements include the **Open Export Folder in Finder.** checkbox (checked), **Close** and **Export** buttons, and a **...** button next to the **Dest Folder** field.

Batch Export

The image shows a 'Batch Export' dialog box with the following fields and callouts:

- Source Folder:** A callout box pointing to the 'Polling Folder' field, which contains the path `/Users/daniel/Documents/__TestData/[PDF]` and a 'Browse' button.
- Export sub-name:** A callout box pointing to the 'Sub Folder Name' field, which is currently empty.
- Export Size:** A callout box pointing to the 'Image DPI' field, which contains the value `72`.
- Transparent:** A callout box pointing to the 'Transparent' checkbox, which is checked.
- Export Folder:** A callout box pointing to the 'Dest Folder' field, which contains the path `/Users/daniel/Documents/_pdf_test_export` and an 'Export Folder' button.
- Export:** A callout box pointing to the 'Export' button at the bottom right of the dialog.

At the bottom of the dialog, there are 'Close' and 'Export' buttons.
